

FM PRODUCTS PLASTIC CABLE CLIPS

The FM PRODUCTS' cable clip range provides a quick, one-piece fixing for cables. They are designed for both internal and external uses

Main Advantages & Benefits:

- Will resist fading in direct sunlight
- Will not crack in extreme cold weather
- A longer length through hardened masonry nail enables fixing to light masonry as well as timber and nail plugs. See nail plug specification sheet
- Each clip is specifically designed for one size of cable and will "grip" the cable enabling pre setting.
- Strengthened pin holder built to withstand the final hammer blow.
- A wide range of sizes and colours to suit all needs.

Fixing Method: Can be hammered direct into all timber and lightweight masonry, for all harder materials, i.e. concrete etc, an FM Products' Nail Plug should be used.
